De acuerdo con el **Real Decreto 1002/2010, de 5 de agosto, sobre expedición de títulos universitarios oficiales, en su artículo 3, punto 4 establece lo siguiente:**

4.Los títulos universitarios oficiales, expedidos de conformidad con lo previsto en este real decreto, surtirán efectos plenos desde la fecha de la completa finalización de los estudios correspondientes a su obtención.

La fecha de expedición del título se corresponde con la fecha de abono de las tasas para su expedición. **La legislación española dice**, por tanto, **que es la fecha de completa finalización** (cumplimiento del último de los requisitos = **día de lectura**), no el de expedición, **lo que hay que considerar.**

<https://www.boe.es/buscar/doc.php?id=BOE-A-2010-12621>

Por tanto, para el caso de los títulos de PhD expedidos en España, no cambia nada. **Se seguirá considerando el día de defensa del título, como hasta ahora.**

The ERC full proposal = B1 + B2 + PartA*

Applicant's information Part B1 ACRONYM

Section a. Extended Synopsis of the scientific proposal (max. 5 pages, references do not count towards the page limit)

(The Extended Synopsis should give a concise presentation of the scientific proposal, with particular attention to the ground-breaking nature of the research project, which will also evaluate panels to assess in Step 1, before evaluation in Step 2, the feasibility of the outlined scientific approach. Describe the proposed work in the context of the state-of-the-art and the originality of the proposed research. The Extended Synopsis is part of the reference section and it is commonly used in other disciplines such as American Chemical Society (ACS) style, American Physical Society (APS) style, or the Language Association (ASA) style, etc., and therefore the evaluators are used to easily retrieve such references.)
