

Sustainable Finance Research Forum

Sustainable Finance in the Global South

MARCH 30TH

The **Joint Research Centre (JRC)** is pleased to announce the **Sustainable Finance Research Forum's** latest event, dedicated to how to scale up **[Sustainable Finance in the Global South!](#)**

This new event will have a specific focus on **low and middle countries** and aims to share views and expertise with the financial sector's community, both in EU and partner countries, including **case studies shedding light on partner countries' specificities.**

The Forum will be **online only** and will gather a line-up of high-level speakers, among which [Kenneth Amaeshi](#), [Antoni Ballabriga](#) and [Nicola Ranger](#), who will discuss open questions related to sustainable finance in the global south and how science can help.

Register for the Sustainable Finance Research Forum's latest event, dedicated to how to scale up Sustainable Finance in the Global South on **March 30, 2023!**

30th MARCH 2023

SAVE THE DATE & [REGISTER!](#)

The [Sustainable Finance Research Forum](#) is an open platform to discuss approaches and experiences among policymakers, academics and professionals. It aims at strengthening the role of open science and **fostering knowledge sharing** between the financial sector and the research community.

You can find more details on the conference on the [website](#).

We look forward to e-seeing you there!
