PARTNER INFORMATION

Our organization employs counsellors - psychologists in the form of providing counselling services and professional, scientific research. Our activities are focused on the prevention and elimination of discrimination in the labour market and the support of people from a psychological and therapeutic point of view. During psychological counselling, we use several forms of individual and group activities:

- advice on discrimination related to healthy lifestyles, overweight and obesity, mental development, personal development, life direction or career development, promotion of anti-discrimination thinking, awareness of human rights and prevention of discrimination, focusing on meeting the client determines the client himself according to his individual needs related to the provided services related to discrimination of various types;*
- career counselling linked to concepts of therapy focused on professional diagnostics to identify strengths and developmental aspects and motivational factors of personality in discriminatory situations;*
- mental coaching aimed at strengthening the positive aspects of the personality and finding sources of one's own development in the face of experienced discrimination;*
- motivational counselling focused on the possibilities of self-transformation and psychological support,*
- advice on building and developing teams with the principles of equal treatment and anti-discrimination,*
- movement therapy, hippotherapy and music therapy,*

- social and psychological research on high level of expertise.

We have experience with working with children in school facilities, mothers on maternity leave, residents of smaller communities, people immigrating to larger places to find employment, people suffering from physical and mental illness, people suffering from obesity and overweight, women in managerial positions, people with low education and marginalized groups.
