HORIZON-INFRA-2023-DEV-01-08: Preparatory phase of new ESFRI research infrastructure projects	27

Policy coordination:

Proposals should:

- Monitor the development of EU-LAC bi-regional cooperation projects;
- Identify future cooperation priorities based on the respective road-mapping exercises;
- Foster the exchange of best practices between the EU and LAC on issues of common strategic relevance such as regional road-mapping processes, research infrastructure management, RI funding along the life-cycle, sharing of data as well as co-development of research and innovation capacity. This will be done through the organization of dedicated workshops and meetings between relevant communities in both regions (research infrastructures, ministries, funding agencies), through study visits or bi-regional staff exchanges, or through dedicated training programmes;
- Identify remaining bottlenecks to research infrastructures cooperation between the two regions, stimulate the development of favourable framework conditions and develop specific initiatives involving research infrastructures;
- Support the development of RI staff by stimulating the establishment of shared staff exchange and training programmes between EU and CELAC (with attention to female and young researchers).

Condiciones de elegibilidad: *Due to the scope of the topic, legal entities established in all countries of the LAC region are exceptionally eligible for Union Funding*

EU LAC RESINFRA (PLUS) IN NUMBERS

IMPACTO

Aumento de la cooperación entre RI a través de la internacionalización de los RIs (MoU firmados)

Intercambio de buenas prácticas con otras iniciativas (eBrain, EPOS ERIC, Grupo de Interés UE-LAC, INTERCOONECTA))

Demostración de la viabilidad y conveniencia de la colaboración birregional)

Concienciar a nivel político sobre la importancia de la colaboración internacional entre las RIs

Fortalecimiento de los vínculos entre RI e investigadores de la UE y ALC (intercambios de personal, eventos, talleres)

Nuevos proyectos en otras convocatorias: EU LAC Interest Group, CYTED, etc...
