- **VIDEO informativo sobre la Gestión de la Información clasificada en proyectos del Programa Marco:**

***Security Appraisal***

*All actions funded under Horizon Europe shall comply with the applicable security rules and in particular rules on the protection of classified information against unauthorised disclosure, including compliance with any relevant Union and national law.*

*DG HOME coordinates the Security Appraisal process providing a corporate service for all the parts of the Horizon Europe Programme.*

*Where appropriate, the Commission carries out, with the national security experts, the security appraisal process for proposals raising security issues. This can lead to security recommendations, which may include, among others, the classification of certain deliverables by the project.*

- **RECORDATORIO:** Consulta pública sobre el Programa Marco (pasado, presente y futuro): del 1 de diciembre de 2022 al [23 de febrero de 2023](#).

<https://ec.europa.eu/eusurvey/runner/Horizon2020HorizonEuropeStrategicPlan2025-2027>

**Consultation period:** 01 December 2022 - 23 February 2023 (midnight Brussels time)

**Public consultation on the past, present and future of the European Research & Innovation Framework programmes 2014-2027**

## **INTRODUCTION**

*This consultation aims to collect the views of research institutions, businesses, consumer organisations, as well as non-governmental organisations, public authorities, and other stakeholders on the European Union Framework Programmes (FP) for Research & Innovation, **Horizon 2020** (8th FP) and **Horizon Europe** (9th FP).*

*The consultation has **five sections**:*

- **Section A “About you”** asks information about the respondent’s profile.
- **Section B** focuses on the **past programme Horizon 2020** (2014 – 2020) and aims to collect feedback and evidence to **draw lessons from the past**. This part of the consultation will feed into the ex-post evaluation of Horizon 2020.
- **Section C** focuses on the **current programme Horizon Europe** (2021 – 2027) and aims to take stock of what stakeholders are currently experiencing to possibly **adapt current actions**. This part of the consultation will feed into the mid-term evaluation of Horizon Europe, covering the period 2021 – 2023.
- **Section D** collects views and opinions for the **upcoming Strategic Plan of Horizon Europe (2025 – 2027)**. The questionnaire concerns the future societal challenges that should **shape future EU research and innovation** activities, the strengths and weaknesses of the European R&I system, EU Missions, European Partnerships and synergies with other EU programmes.
- **Section E** asks about the **key lessons learned and messages for the future**. If you wish so, you can **upload a position paper** in this section.

You can choose to **complete only one or more sections** of the consultation.

You can **save your contribution as a draft** on the server and continue later or on a different day.

As the consultation looks at the **past, the present and the future of European Research Framework Programmes**, some topics are addressed under multiple sections.

For example, both section B (Horizon 2020) and section C (Horizon Europe) examine how the programmes contributed (or is contributing) to climate, health, digital and industrial transitions. Likewise, questions on the programme's implementation and administrative procedures are asked in the two sections to account for the simplification measures introduced in Horizon Europe.

The infographic features a dark blue vertical bar on the left with five white icons: a bell, a download arrow, a gear, two speech bubbles, and a document. To the right, the title "TIME TO FILL-IN THE SURVEY" is at the top in large blue letters. Below it are four blue boxes with white text and icons:

- About you**: 3 minutes
- Horizon 2020**: 10 minutes
- Horizon Europe**: 10 minutes
- Strategic Plan**: 10 minutes
- Lessons learned**: 2 minutes

#EUHaveYourSay is written in blue text at the bottom right.

OS animamos a que contribuyáis a este estudio y aportando vuestra visión, especialmente en el área relativa a Clúster 3 – Seguridad.

- Jornada informativa on-line sobre los “European Innovation Ecosystems”. 16 de febrero.  
Más información e inscripciones en: [https://research-and-innovation.ec.europa.eu/events/upcoming-events/european-innovation-ecosystems-eie-work-programme-2023-2024-info-days-2023-02-16\\_en](https://research-and-innovation.ec.europa.eu/events/upcoming-events/european-innovation-ecosystems-eie-work-programme-2023-2024-info-days-2023-02-16_en)

Esperamos que esta información os resulte de interés. Un cordial saludo,

Maite Boyero Egido
